

PRODUCT INFORMATION

WELD GRINDING

This is a comprehensive set for professional weld grinding, consisting of two brushes and two innovative products from the BRAINTOOLS range. Once welding seams have been cleaned with the brushes, the FUSION ensures that fillet welds are worked easily and efficiently. The product's unique design combines the benefits of a flap disc with those of a rough grinding disc. The soft grinding disc can be profiled and thus adapted perfectly to the fillet weld. The VISION provides a full and unobstructed view of the workpiece weld being worked on. This prevents tarnishing and the removal of too much material.
