

PRODUCT DATA SHEET

STAINLESS STEEL POLISHING

If you often have to polish stainless steel, our professional tool set is just the product you need. It comes with a selection of perfectly-matched products for all stages in your work – from grinding to mirror-finish polishing. This specific selection of products will enable you to quickly and simply get the end result you want. Reduced working revolutions mean that all polishing products in the professional tool set must be used on a 125 mm diameter angle polisher.

 Clean the workpiece after every polishing stage with a soft damp cloth and a little washing-up liquid. Ensure that pre-polishing paste residues are removed from the workpiece before starting mirror finishing/final polishing work.

Type designation	STAINLESS STEEL POLISHING
Article designation 1	PROFESSIONAL TOOL SET
Article no.	209540
GTIN	4011890090725
Content	1
Content unit	Pack
Weight	1,100 kg
Product dimensions	125
Diameter 1	125 mm
Material suitability	Stainless steel
Machine suitability	Freehand angle grinder
Product category number	PK07
Product category text	PW
GTIN barcode packing unit	4011890090725
Type of packaging	Carton
Packing unit	1
Package length	300 mm
Package width	200 mm
Package height	136 mm
Weight of packing unit	1,100 kg
Customs tariff number	68042218
Country of origin	DE
