## WELD GRINDING

This is a comprehensive set for professional weld grinding, consisting of two brushes and two innovative products from the BRAINTOOLS range. Once welding seams have been cleaned with the brushes, the FUSION ensures that fillet welds are worked easily and efficiently. The product's unique design combines the benefits of a flap disc with those of a rough grinding disc. The soft grinding disc can be profiled and thus adapted perfectly to the fillet weld. The VISION provides a full and unobstructed view of the workpiece weld being worked on. This prevents tarnishing and the removal of too much material.

Type designation	WELD GRINDING
Article designation 1	PROFESSIONAL TOOL SET
Article no.	209543
GTIN	4011890090756
Content	1
Content unit	Pack
Weight	1,400 kg
Product dimensions	125
Diameter 1	125 mm
Material suitability	Steel
Machine suitability	Freehand angle grinder
Product category number	PK08
Product category text	DB
GTIN barcode packing unit	4011890090756
Type of packaging	Carton
Package length	300 mm
Package width	200 mm
Package height	136 mm
Weight of packing unit	1,400 kg
Customs tariff number	68042218
Country of origin	DE
