

CS POLISH C-10 strong

Micro Polishing Paste

09/2014

:: CHARACTERISTICS

The **CS POLISH C-10 strong** professional polishing paste was specially developed for finishing work on fresh paint surfaces. The unique powder technology and high removal rate based on a highly purified aluminum oxide enables faults in the top coat to be polished out easily and with lasting results. The paste is suitable for conventional paints, as well as scratch-resistant and UV paints and creates a unique shine.

:: APPLICATION

This paste works best with the **FINISH Quadra Pad C-10**.

:: PRODUCT DATA

MATERIAL DATA:

Cut: ▲▲▲▲▲▲▲

Gloss: ★★☆☆☆☆

Sand Paper P1500

SURFACE

Clear Coat System: Conventional Paint, scratch-resistant Paint, fresh Paint

HANDLING

Speed Polisher: rotary 1500 - 2000 U/min
orbital 2000 – 10000 U/min

Protect from frost.

DISPOSAL:

Dispose the emptied bottles only in a suitable waste collection.

REMARKS

Personal protection is required.
Protective glasses
Protective gloves, e.g. from latex or nitrile.

Avoid application in direct sun light.
For professional use only.
Keep away from children.

SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
