

CS ISO-VE 7030

isopropanol cleaner

:: CHARACTERISTIC

The Carsystem cleaner ISO-VE 7030 is an all-round isopropanol and water-based cleaner. The cleaner is suitable for gentle and effective cleaning of sensitive surfaces, evaporates without residue after a short time and removes greasy water-soluble dirt, adhesive and salt residues and other tenacious impurities.

:: APPLICATION

ISO-VE 7030 is ideal for the cleaning of plastic surfaces before painting / priming or gluing.

:: PRODUCT DATA

Material data

Form:	Fluid
Colour:	Colourless
Density:	0.85 g/cm ³
VOC-content:	2004/42/II B(a)(850) < 595 g/l
Shelf-life:	36 months in unopened original container at proper storage conditions. Store cool and dry.

:: HANDLING

Mix thoroughly before use. Soak a dry and clean non-fuzzing cloth with ISO-VE 7030. Clean the surface in small areas of 0,5 m² and wipe it off immediately with another clean cloth. Allow the cleaned surface to evaporate thoroughly. Do not allow the isopropanol cleaner to dry on surface.

Note:

Some 1K primers may react with the cleaner. In this case please note to ensure a good flash-off time of the surface before repair so that no solvent particles remain. Otherwise remove the damaged coating before the application of the new paint system.

FOR PROFESSIONAL USE ONLY!

:: SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, expect we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery terms and conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
